There was installed on Class V Highway construction in 1940—8 concrete culverts and one metal, four of these on Canterbury Road and five in the Horse Corner district, the road widened to 21 feet, ditch to ditch, which is 3 feet wider than usual. The bushes were cleaned to the walls, and as many of the stones were moved back to the walls as possible. The road from Eva Davis' homestead was graded to Munsey Brook, and given two coats of tar.

Respectfully submitted,

L. A. SANBORN,
Foreman.

FOREST FIRE WARDEN'S REPORT

To the Citizens of Chichester:

Our forest lands represent a substantial proportion of the town's valuation. They provide income to our citizens, from the sale of forest products and through employment to woods' workers. The protection of our forest lands is essential to the continued welfare of the town. Fire is the forests' worst enemy. It not only destroys the growing crop but leaves the land in such condition that nothing of value will grow for a long period of years. In addition it costs good tax money to extinguish forest fires.

An analysis of forest fire records indicate that 97 per cent are man-caused and consequently avoidable. Carelessness and failure to comply with reasonable regulations governing the building of fires in and near woodlands has been costly to both towns and individuals. Through elimination of the human equation, forest fire losses would be reduced to a minimum. This is possible if every citizen would be careful, familiarize himself with burning regulations, comply with them and then use proper discretion.

We have been particularly fortunate in this town since the hurricane is not having had more serious fires. This is due in part to the strictness of our wardens in issuing permits and splendid cooperation on the part of the public. Great care is needed because conditions in our blown-down areas are more critical with down material drying out and becoming more highly inflammable. *The continued cooperation* of every one is necessary.

We should all remember that:

1. *Written permission of the local forest fire warden to burn brush, rubbish or other debris in or near woodlands is necessary when the ground is not covered with snow.* Violation of this requirement makes the responsible party liable—

- a. To a fine not to exceed five hundred dollars or imprisonment of not more than one year or both.
 - b. To the town for expenses incurred by the warden or deputy warden in attending or extinguishing such fire.
 - c. For damages to abutting owners if the fire runs onto the abutters' property.
2. It is a violation of the Forest Laws of the state to—
- a. Drop or throw any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire, from any vehicle while the same is upon a public highway or private way.
 - b. Drop, throw or otherwise deposit on or near woodlands any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire.
- Violation of these prohibitions penalizes whoever is found guilty by a fine of \$25.00.
3. You should promptly notify your local forest fire warden of any fires you see.
4. The forest laws are being more strictly enforced each year

Your cooperation will save the warden considerable worry; you and your town much trouble and expense.

The 1940 fire record for our town follows:

Number of fires	3
Acreage burned	2
Cost of suppression	\$8.75
Number of permits issued	43

LEON A. SANBORN,
Forest Fire Warden.

FIRE DEPARTMENT REPORT

I am pleased to issue the following for the Chichester Fire Department during the past year. The fire truck has responded to 17 calls and they were for the following purposes: 12 chimney fires to which 78 firemen responded; 1 automobile with 5 firemen; 2 brush fires with 19 men answering the calls and two building fires to which 25 men responded, one of these being in our neighbor town of Epsom.

The fire truck has been equipped during the past year with a hose reel which is a great improvement, also a closet has been built in—these improvements without any expense. We now have 1000 feet of $1\frac{1}{2}$ inch hose and I would suggest that the town appropriate a sum sufficient to purchase 500 feet more of this same size hose.

The town also has added to the equipment during the past year a portable pump which in many cases will serve a very useful service.

Respectfully submitted,

L. A. SANBORN,
for the Fire Department.

LIBRARIAN'S REPORT

There were forty-two books purchased in 1940.

We have received six books as gifts and the friend to whom a big thank you is due, is Mr. Ned Parker of Farmington, N. H. Among the books which he has presented to our library very recently is "The Favorite Poems" of James Whitcomb Riley. Several books of non-fiction have been purchased by the Librarian. Among them are, "I Married Adventure" by Osa Johnson, and "The Wave of the Future" by Anne Morrow Lindbergh, also "Lost on a Mountain in Maine" by Don Fender.

Many of the books purchased were from authors such as Joseph Lincoln, Bess Streeter Aldridge, Lloyd Douglas, Grace L. Hill, Christine Parmenter, Emile Loring and many other authors that are 100 per cent in the literary world.

The New Hampshire Troubadour, singing praises of New Hampshire, still comes to us every month.

The usual books have been sent to us from the State.

About every seven weeks the Traveling Library, sent from the New Hampshire Public Library Commission, comes to our library, leaving us about fifteen books each time. This is in charge of Miss Carolyn Fardon. We wish to express our thanks for this special favor.

There are three branch libraries in town—Mrs. Dorothy Lane has the branch library at the north part of the town; Mrs. Mable D. Stevens is branch librarian at Horse Corner and Mrs. Josie Shaw is in charge of the Bear Hill district.

SADIE H. LANGMAID,
Librarian.
